

We can't wait to see your home-learning; please share photos or comments on Twitter using: #CassInfHomeLearning and @RobinCassInf @KfisherCassInf @HedgehogCassInf

Creative (English, Art, Music, PE)	LO: To produce a piece of work in the style of Mark Rothko Task: Use primary colours to paint the background. Remember to use black and white to tint your colours. Add coloured rectangles over your background.	LO: To improve fitness skills. Task: Choose a Joe Wicks MBE workout and complete it.	LO: To create a percussion piece of music Task: Use an object around the house to create a percussion sound. Experiment using spiky sounds, loud sounds, soft sounds, fast and slow sounds to create your piece of music.
STEM (Science, Design Technology, Computing, Maths)	LO: To be able to talk about seasonal changes Task: Make a poster about Winter.	LO: To make freestanding structures Task: Use lego or blocks or any other materials you have to make a standing structure e.g. a bridge. Can you make sure you're structure is stable?	LO: To count in multiples of 2s and 5s Task: Practise counting in 2s and 5s to 30. https://scratchgarden.com/blog/count-2s-5s-10s/
Discovery (History, Geography, RE, PSHE)	LO: To identify physical and human features Task: Look outside and identify at least two physical and two human features.	LO: To understand how our actions reflect our values Task: Discuss with your parents who looks after us in our community e.g. Imam, Vicar, District Nurse.	LO: To stay motivated when doing something challenging and to keep trying even when it is difficult Task: How do you feel when you achieve a goal? Can you think of a new goal to set yourself?
