### STATEMENT OF INTENT

At Cassiobury Infant and Nursery School, we understand the need to continually deliver high quality education, including during periods of remote learning – whether for an individual pupil or many. We recognise the importance of maintaining high expectations in all areas of school life and ensuring that all pupils have access to the learning resources and support they need to succeed.

Through the implementation of this policy, we aim to address the key concerns associated with remote learning, such as online safety, access to educational resources, data protection, and safeguarding.

This policy aims to:

- Minimise the disruption to pupils' education and the delivery of the curriculum
- Ensure provision is in place so that all pupils have access to high quality learning resources
- Ensure consistency in the approach to remote learning for pupils who aren't in school
- Protect pupils from the risks associated with using devices connected to the internet
- Ensure staff, parent, and pupil data remains secure and is not lost or misused
- Ensure robust safeguarding measures continue to be in effect during the period of remote learning
- Ensure all pupils have the provision they need to complete their work to the best of their ability, and to remain happy, healthy, and supported during periods of remote learning

Remote learning will be of high quality and will align as closely as possible with in-school provision. The majority of lessons will contribute to filling gaps in core knowledge and skills, such as reading and writing, alongside new learning which matches the year group learning sequence. Remote learning will need to be integrated into planning so that it can be delivered instantly. Pupils who are learning from home will need daily lesson inputs for maths, phonics/spelling, reading and writing. In addition foundation subject learning and activities will be available. All lessons will have clear objectives and outcomes/success criteria. These will be shared with pupils.

## **ROLES AND RESPONSIBILITIES**

The school secretary will direct the parent to 'Oak Academy' where they will be able to follow a daily timetable and lessons for the first day of isolation. At the end of the day, the class teacher will make contact with the family by telephone or email and provide an overview of the learning taking place in class and materials to support carrying out learning at home. The child will also be provided with details of how to access reading books on line via Oxford Owls if appropriate, collected from school by a nominated person. Learning will consist of a combination of the following:

**COMMUNICATION**

The school will ensure adequate channels of communication are arranged in the event of an emergency.

The school will communicate with parents via letter and the school website about remote learning arrangements as soon as possible.

Members of staff involved in remote teaching will ensure they have a working mobile device that is available to take phone calls from school during their agreed working hours.

Parents will inform the relevant member of staff as soon as possible if schoolwork cannot be completed.

Issues with remote learning or data protection will be communicated to the pupils’ teacher as soon as possible so they can investigate and resolve the issue.

The pupils’ teacher will keep parents informed of any changes to the remote learning arrangements or the schoolwork set.

The Headteacher will review the effectiveness of communication on a weekly basis and ensure measures are put in place to address gaps or weaknesses in communication.

## **MONITORING AND REVIEW**

This policy will be reviewed on an annual basis by the headteacher and the Governing Body.

### **REMOTE LEARNING DURING THE CORONAVIRUS (COVID-19) PANDEMIC**

Within the ever-changing circumstances we are currently living through, we must be prepared for local restrictions. The level of remote learning provision required will be based on the government's four tiers of local restrictions. Where there are no local restrictions in place, the school will continue to remain fully open to all, and these tiers will not apply.

**Tier 1 local restrictions** ~ the school will remain open if tier 1 restrictions are in place, and remote learning will not be provided at this time.

**Tier 2 local restrictions** ~ the school will remain open if tier 2 restrictions are in place, and remote learning will not be provided at this time.

**Tier 3 local restrictions** ~ the school will remain open if tier 3 restrictions are in place, and remote learning will not be provided at this time.

**Tier 4 local restrictions and following Government instruction** ~ the school will limit on-site attendance to just vulnerable children and key worker families. All other pupils will receive remote education.

The Headteacher will work with the LA to ensure pupils only return to school when it is safe for them to do so.

After a period of self-isolation, or the lessening of local lockdown rules, the headteacher will inform parents when their child will return to school.

If local restrictions are not applied, but a single class or 'bubble' needs to self-isolate, the school will immediately implement remote learning for that group.
